

**NATIONAL SAFETY CODE ("NSC") DRIVER/OPERATOR****Vacuum Truck Operator, Water Truck Operator
Operator 1, Operator 2, Operator 3, Equipment Operator**

The Silverpoint Energy Services Inc. ("Silverpoint") National Safety Code ("NSC") Driver/Operator is responsible for providing vacuum and or water truck services which includes transportation of non-regulated: water, mud, and drilling waste. As per the client's requirements of fluid transportation, each is loaded, transported, and unloaded/disposed of in a manner that meets all regulatory and company policy and procedure.

The NSC Driver/Operator is a position that is on-demand, rotates on an irregular basis including off-hours and weekends. The Driver/Operator is responsible for primarily operating multi-axle tractors, loading, transporting, and unloading water, muds, and drilling waste in a safe manner. The Driver/Operator must conduct all activities according to the client's schedule or requirements and all relevant policies, procedures, and regulatory requirements are to be known and followed. The Driver/Operator must clean, maintain, and secure all equipment as directed by policies, procedures, and regulations. The Driver/Operator must also deal with clients, workers, and members of the public in a courteous and respectful manner. This includes receiving complaints about schedules and levels and quality of service. Work is On Demand following the Federal Driver's Hours of Service regulations. Periods of time away from home can be expected and Extreme weather operations.

The Driver/Operator must make note of and report on any such complaints and respond in a courteous and respectful manner.

Upon occasion, an NSC driver will be required to operate a light-duty vehicle. All Regulations, policies, and Procedures are applicable when an NSC Driver operates a Light-Duty Vehicle.

SC Driver/Operator conduct will include:

- Maintain CURRENT driver credentials: certifications and tickets;
- Abide by and maintain the Traffic Safety Act and Transportation Regulations;
 - Labour Hours of Service;
 - Daily Trip Inspection;
 - Cargo Security;
 - Weights and Dimensions;
